**ADDITIONS LTD**

'Classic Additions Ltd' was formed when it became apparent that there was a need for a complete range of protective covers for classic cars and motorcycles. This led to Classic Additions being approached by manufacturers and dealers who needed good quality protection for new cars and motorcycles.

Since our foundation in 1989, we have developed a wide range of protective covers and it is our intention to continue to strive to be the best company for sourcing covers in the automotive industry.

We regularly show at exhibitions both in the UK and Europe, which give our customers the opportunity to see our range of products at first hand.
